FREE RESPIN FEATURE

Hit 3 or more SCATTER symbols anywhere on the screen to trigger the FREE RESPINS feature.

During the FREE RESPIN round, one more reel of initially 3 symbols is added on top of the game and one is added at the bottom.

In the round, only MONEY symbols, SPECIAL symbols and blanks spin and stop.

MONEY symbols appear only on the middle reels while SPECIAL symbols appear only on the edge reels.

The round starts with 3 respins. Every time at least one MONEY symbol or SPECIAL symbol hits, the number of respins is reset back to 3. The round ends when there are no more respins left.

Whenever one of the edge reels is filled with symbols, a one time extension of those reels, by 1 position happens. Any MONEY symbol or SPECIAL symbol that hits remains on the screen until the end of the round. If the screen is filled with symbols after all possible grid extensions have happened, the round ends.

When the round starts, a number of MONEY symbols with random values from the set of possible values, equal to the number of SCATTERS that triggered the feature is already on the screen.

Any MONEY symbol that hits during the round, adds its value to the total win.

The following SPECIAL symbols can appear:
