

GAME OVERVIEW

SECRET CITY GOLD™

Game Description (for Players)

Aztecs reign over the kingdom in Secret City Gold™.

Players will be aiming to create matching combinations of frog, lion, monkey and snake symbols across the slot's 25 paylines to be awarded a win. The base game and bonus round is also home to a randomly triggered and highly innovative wild pattern feature.

This displays numerous different patterns across the reels, with the highest paying symbol contained within the pattern being matched across its entire area, boosting winning potential.

Three scatters are needed to gain entry to the free spins round with any patterns formed during this time, adding an extra spin to those initially awarded. Additionally, there is a multiplier which increases by 1x for each win gained in the free spins round which in tandem with the pattern feature is key to awarding the slot's max win of 10,000x!

- If Golden shape landed and extend to more than 2 reels, we randomly choose one of the symbols marked by the shape, to replicate throughout the shape
- We evaluate a second time, only chosen Golden Symbol regardless of symbols position on the screen.

Free Spins:

- During Free spins, every landing shape will have a multiplier.
- This multiplier will be added to previously added multipliers from previous shapes landing. Value of added multipliers will be applied to current shape win.

SHAPE WINS

At every spin there is a chance for a random shape to appear on the screen at the end of the spin, marking random positions. When that happens, after normal wins are awarded, all symbols inside the shape transform into one random symbol currently there. After transformation those symbols pay for left to right winning combinations formed inside the shape, according to their payable, multiplied by a random multiplier from 1x to 10x.

FREE SPINS

Hit 3 or more SCATTER symbols to win 8 free spins.

During the round shapes can randomly appear at any free spin just like in the base game. In the FREE SPINS shapes get a random multiplier just like in the base game. That multiplier gets added to a general multiplier that is applied to the wins of current and all future shapes that hit in that round.

Every SCATTER symbol that hits during the round adds one more free spin.

Special reels are in play during the feature.

MAX WIN

The maximum win amount is limited to 10,000x bet in both base game and free spins. If the total win of a FREE SPINS round reaches 10,000x bet the round immediately ends, win is awarded and all remaining free spins are forfeited.

BUY FREE SPINS

The FREE SPINS round can be instantly triggered from the base game by buying it for 85x current total bet. When buying the FREE SPINS round, on the triggering spin 3, 4 or 5 SCATTERS can hit randomly.
