Game Features

Casino WinSpin is a 5x3 respin slot with three prominent features that will help you win huge – Expanding Wilds, the Spin ‘til You Win feature and the Hot Zones Expanding Wilds.

Winspin Hot Zones

Both features in Casino WinSpin are triggered through the WinSpin Hot Zones, located on reel 2 and 4. If landing the same type of symbol in these hot zones, the WinSpin feature will activate. If you land a Wild in the Hot Zone, the Hot Zone Expanding Wilds feature activates.

Hot Zone Expanding Wilds

There are two types of Wilds, which both substitutes for any other symbol. The Expanding Wild will expand and cover the entire reel after landing. If you land a Wild inside any Hot Zone, all regular Wilds will turn into Expanding Wilds.

If you land wilds in both Hot Zones, an Expanding Wild on reel 3 will be created and a massive win will be awarded. Any regular wild will also turn into an Expanding Wild.

Spin ‘til You Win

The Spin til' you win feature will award respins with a guaranteed win. Each non-winning spin will award a greater boost for the next respin.

The first respin will award all triggering symbols to be wild, the second respin will also award a random multiplier – randomly chosen between x2 to x5 - and the third level respins will award a spreading wild on reel 3. The respins won't stop until there is a win!
